MEMORANDUM FOR: Chief, Medical Staff

25X1A2g

SUBJECT : Training Survey [REDACTED]

25X1A2g

25X1A2g

1. Colonel White is cooperating with the Director of Training in an attempt to evaluate the potentialities of [REDACTED] for greater use by the Deputy Director (Administration) components in the future, and he has selected me to go [REDACTED] later this month to see if there are ways in which the installation can be further utilized for simulated field training or field problems.

2. Since the Logistics Office is already making use of the site, and because the work done by most of the DD/A Staffs does not lend itself to field training, it appears that the Medical Staff and the Security Office would be principally concerned in this instance.

25X1A9a

3. Accordingly, it would be appreciated if you would assess the question of the possible adaptability of the Medical Staff's mission to any form of training that might be given there, and if you feel that something might be developed, you assign a member of your Staff to travel to [REDACTED] for the purpose of making an on-the-scene check, in company with Mr. [REDACTED] of the Security Office and the undersigned, on or about Monday, 27 September 1954. Return would be on Tuesday, 28 September, and travel both ways [REDACTED]

25X1A

4. If, however, you feel that you are consonant enough with the facilities there as they pertain to your mission and to preclude the necessity for such a survey, would you please so advise by memorandum in such a fashion that your decision can be incorporated in a final report from the Deputy Director (Administration) to the Director of Training.
